48 Month	2.03%	2.05%				
60 Month	2.27%	2.30%				

Truth in Savings Disclosures

Except as specifically described, the following disclosures apply to all of the accounts:

1. Rate Information

The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. The Dividend Rates and Annual Percentage Yields were paid at the end of the quarter mentioned above. Dividend bearing accounts are either tiered rate or split rate. For tiered rate accounts if the balance in the account is within the balance range for a particular tier, the dividend rate for that tier will apply to the entire balance in the account. For a split rate account only the portion of the account balance within each Split Rate Tier earns interest at the rate applicable to that Split Rate Tier. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

a. Nature of Dividends.

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

b. Compounding and Crediting.

Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

c. Accrual of Dividends.

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid.

2. Balance Information

The minimum balance required to open each account, earn the stated Annual Percentage Yield, or avoid a service fee is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. All accounts are calculated using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

3. Account Limitations

For a Holiday Club account, the entire balance will be transferred to your primary savings account on October 15 and your Holiday club account will stay open.

For a Vacation/Freedom Club account, deposited funds are held in the club account and can be withdrawn every six months without penalty.

A Summer Escrow account is for any employee who gets paid through direct deposit and works only 10 months of the year. Deposits must be made through direct deposit, with a maximum deposit of \$1,500 per month and \$15,000 per year. Deposits may only be made between September 1 and June 30 of each year. The entire balance will be transferred to the primary savings account on July 1, of each year. Early withdrawals for any of the above accounts will incur a penalty. You may make transfers or withdrawals in the first seven (7) days the account is open without restriction.

4. Certificate Account Features

a. Account Limitations.

After your account is opened, you may not make additional deposits to a Certificate account.

b. Maturity.

Your Certificate account will mature on the maturity date set forth on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty.

We may impose a penalty if you withdraw any of the principal of your Certificate account before the maturity date.

i. Amount of Penalty. The amount of the penalty is based on the account term. If the term of your certificate is one year or less, you will forfeit an amount equal to 90 days of dividends. If the term of your certificate is greater than one year, you will forfeit an amount equal to 180 days of dividends.

ii. How the Penalty Works. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned at the nominal rate on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal.

iii. Exceptions to Early Withdrawal Penalties. We reserve the right to charge early withdrawal penalties except for required minimum distributions for IRAs.

d. Renewal Policy.

Certificate accounts are automatically renewable. After the certificate matures, you have a grace period of 10 days in which to withdraw the funds without penalty.

e. Nontransferable/Nonnegotiable.

Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with Greater Alliance Federal Credit Union.

Fee Schedule

For Members from age 15-21 years old

A parent or legal guardian is required to open a checking account if the member is under the age of 18. After the member turns 18 they can have Overdraft privilege on their checking account but they will be required to open a separate checking account that offers that privilege. A joint owner is not required for a checking account from the age of 18 -21. At the age of 21 Youth Savings accounts are automatically converted to a regular share savings account which has a minimum balance requirement of \$100 and The Edge Checking account will be converted to an Easy Checking account unless requested otherwise. Membership conditions may apply.
